The Sigmon Group, LLC, Awarded General Services Administration (GSA) Contract

Chesapeake, Va., -- The Sigmon Group (TSG), LLC – a leading provider of Chemical, Biological, and Radiological (CBR) personal protection equipment, announced today that it has been awarded a five-year General Services Administration (GSA) Schedule. This will allow the company to offer its range of protective clothing directly to federal, civilian, and defense agencies.

GSA Schedules are key acquisition vehicles for the federal government; helping over one million federal workers seamlessly acquire products and services through commercial suppliers. This contract is significant in that it allows federal agencies to directly acquire CBR services through the GSA Schedule eliminating through exhaustive additional competitive pricing procedures.

According to Kennis Sigmon, President and CEO of TSG, “The award of this GSA Schedule will be extremely beneficial to all Federal activities in evaluating their CBR personal protection needs as well as providing an easy acquisition vehicle.”

The Sigmon Group’s GSA Schedule Contract Number is GS-07F-5498P
